### NEWSLETTER INTRODUCTION

Why did the Fair Board create a Fair Fun Newsletter? To keep our exhibitors informed. There are so many updates that happen throughout the year and it would be so handy to have them all in one spot for our exhibitors. We will create 4-5 issues a year; April, May, June, July & August. If there is any information we may have missed, that you wish to see included in the newsletters please let us know. We hope you enjoy the newsletters and find them useful and informative.

# General Fair Updates

## FAIR THEME

Barnyard Beach Party is the 2022 Green County Fair theme! We encourage all exhibitors to utilize this theme when creating their exhibit displays and animal penning decorations. We are excited to see what you create and come up with to help create a Barnyard Beach feeling to this year's fair!
